

NIGHT • JZ Night Loop (concept booklet A3-01)

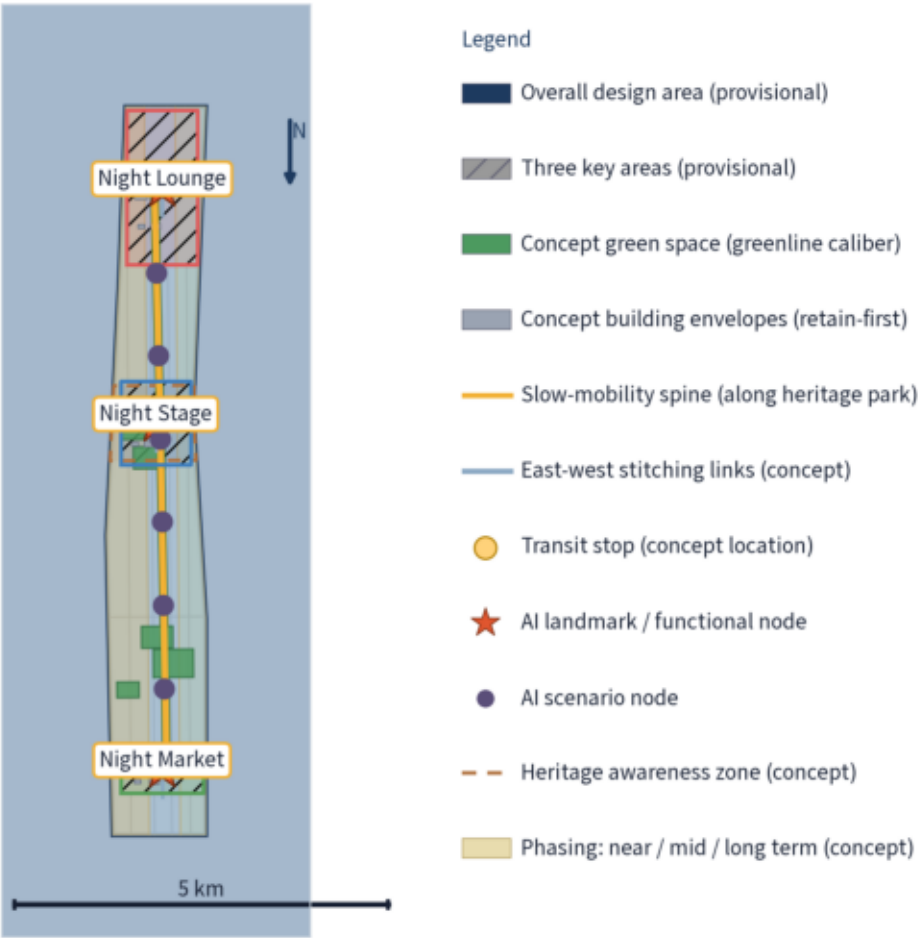

Night economy & lightscape operation belt - scopes: overall approx. 11.4 km2 - key areas approx. 368.4 ha - One loop x five mechanisms x eight elements

One Light One Show One Market

Lounge: tier hub + guidance (Zhongzhiyuan)
Stage: soundscape shows (AI Origin Community)
Market: reversible stalls (Dazhongsi)

Overall Design Overview: One Loop, Three Nodes & Lighting Tiers (provisional geometry)

The Night Loop follows the Jingzhang heritage park belt, linking Night Lounge - Night Stage - Night Market; lighting tiered gateway - path - node - dark zone, with dark-sky friendly zones around green edges

Source: this package geometry/*.geojson (participant provisional model data); area caliber EPSG:4548; displayed values rounded.

Provisional concept boundary; not an official redline; recompute after official data release

Five mechanisms + AI governance

Permits | tiers | credits | filing | disclosure
Anonymised aggregation, human review, stoppable

Core metrics (provisional)

site $\approx$ 1,141 ha | green ratio $\approx$ 11.0% | public-space ratio $\approx$ 0.45%

Three-tier scope (announcement text)

coordinated $\approx$ 43.6 km2 | overall $\approx$ 11.4 km2 | key $\approx$ 368.4 ha

site_area_sqm

11412825 ($\approx$ 1141 ha)

green_ratio

0.110044 ($\approx$ 11.0 %)

public_space_ratio

0.004543 ($\approx$ 0.45 %)
