

AI-native new urban form

CELL • JZ | Cellular Block • Smart-Pattern Terrace • Growing Court

PROVISIONAL

Three Areas + Two Wings are the taskbook frame; three nodes are relational carriers.

Ten independent scenario cards map to three common test protocols.

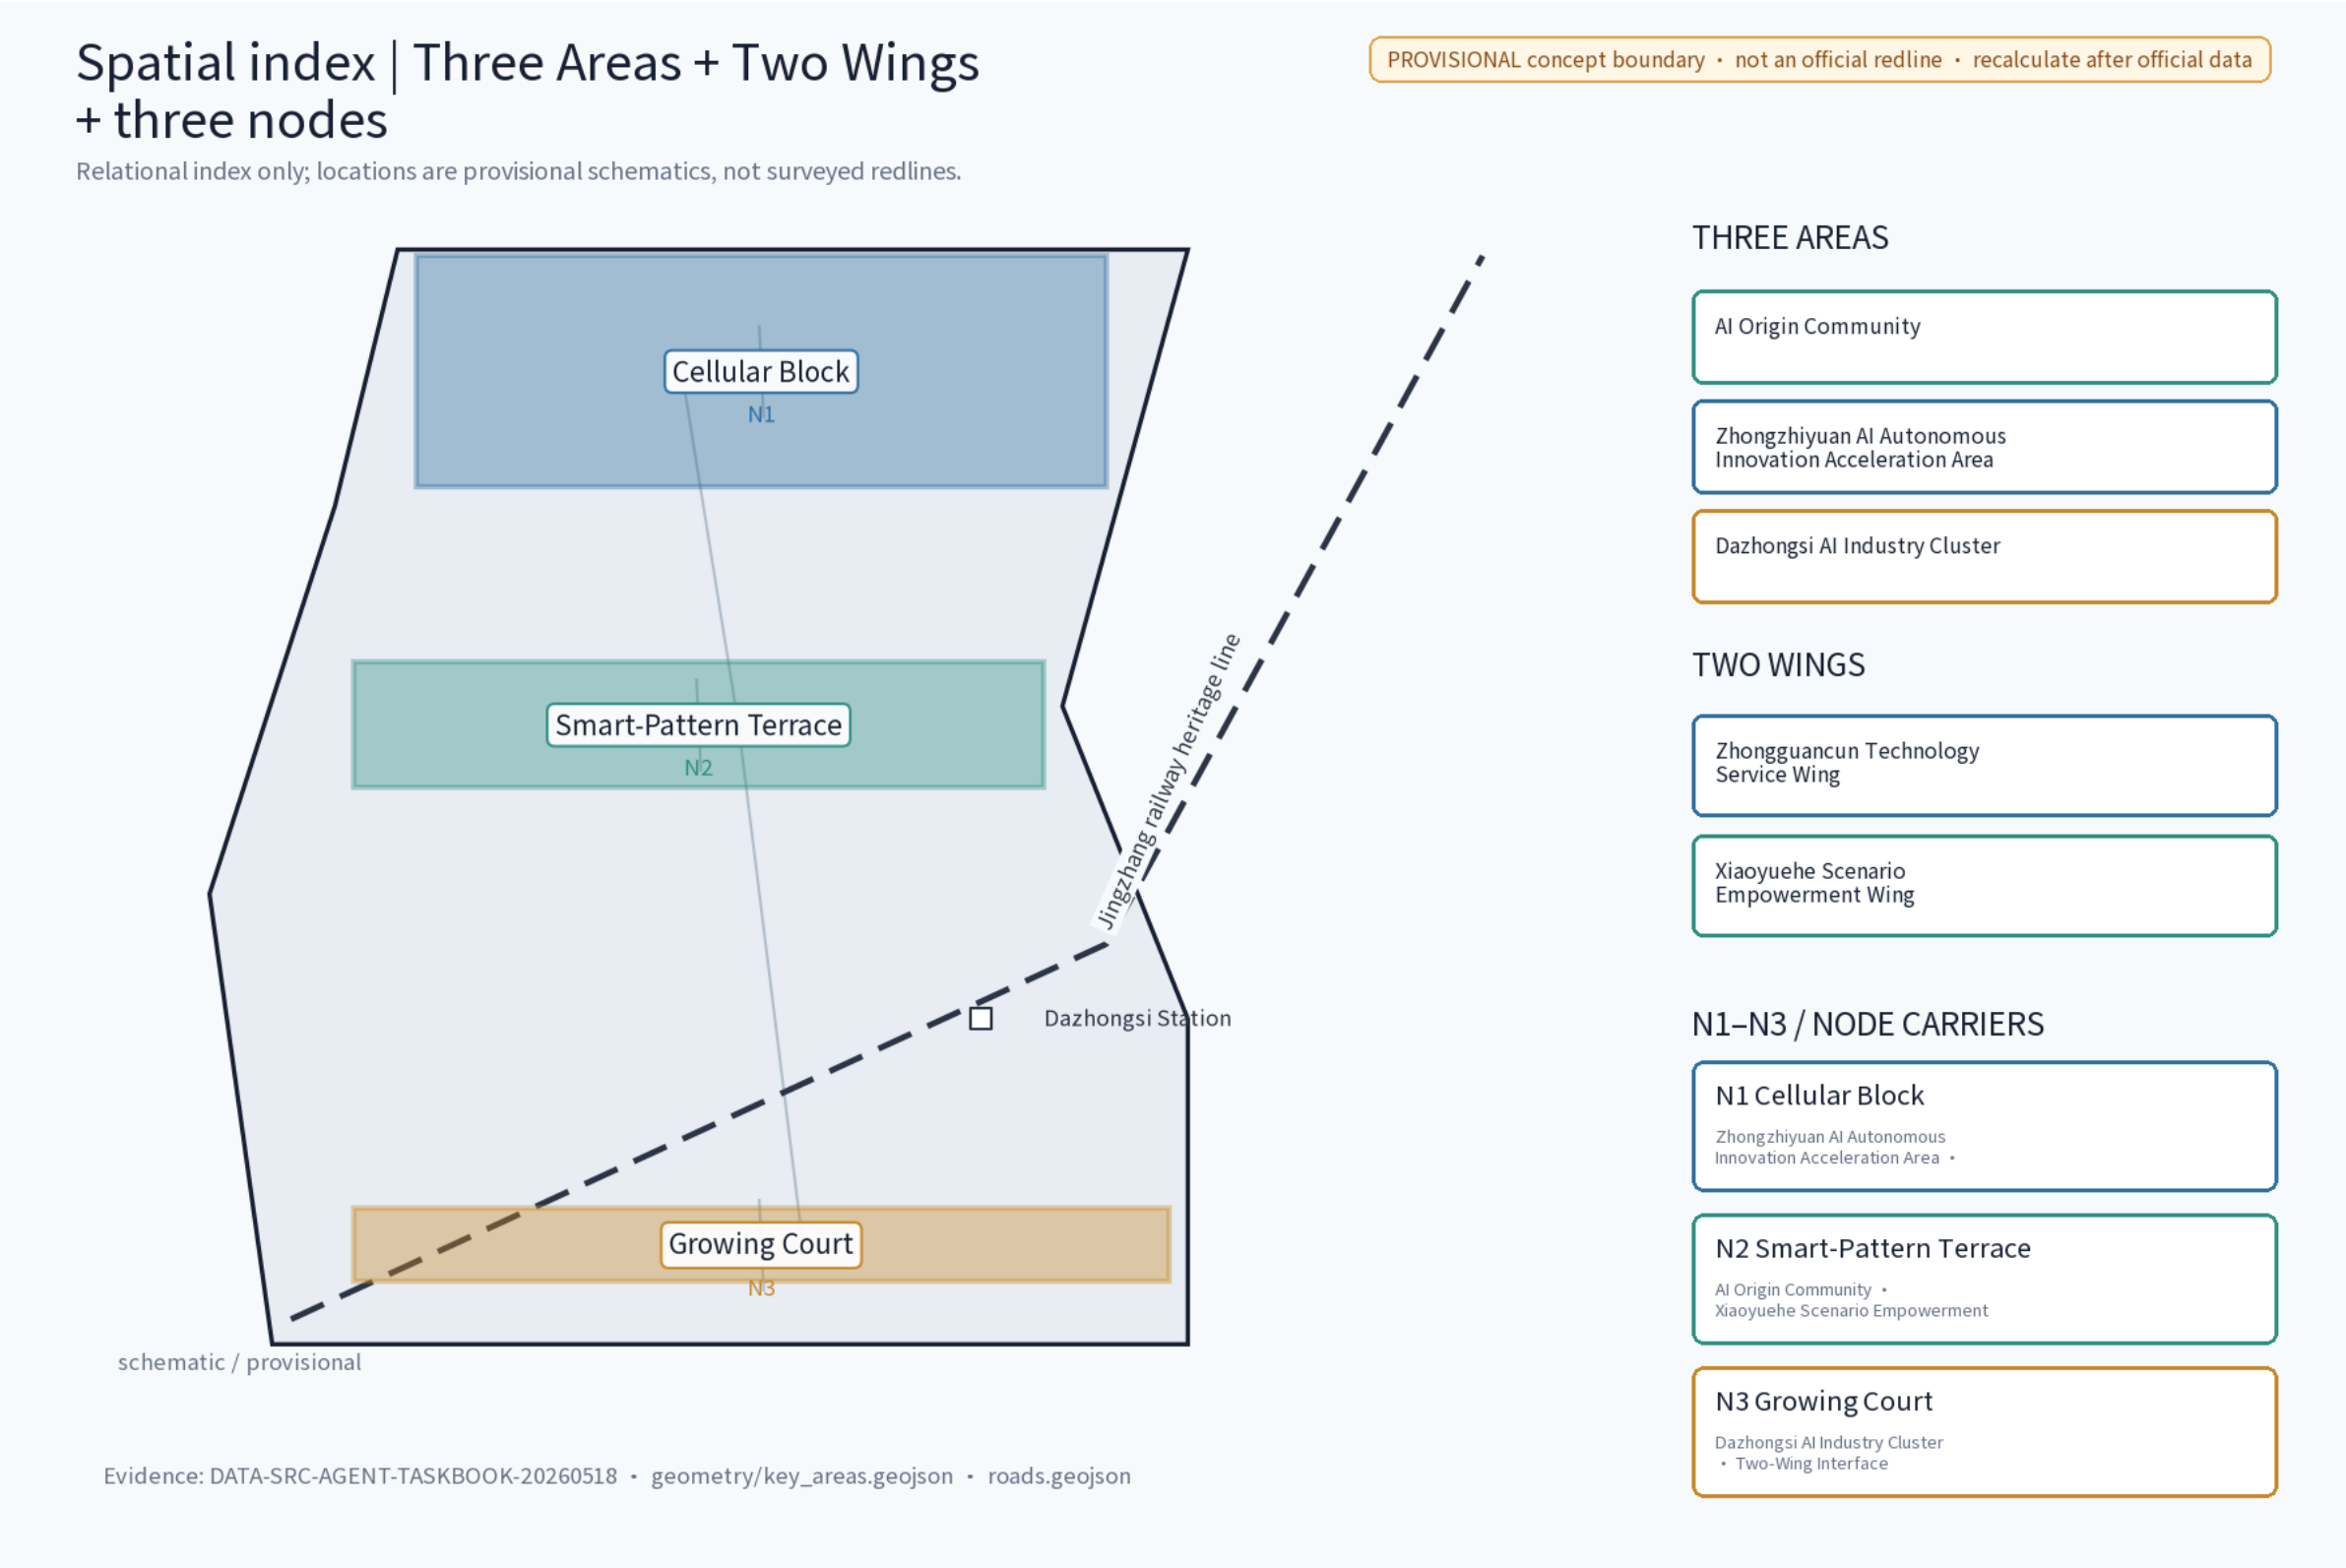

All geometry, ratios and thresholds are provisional / participant-proposed.

No official approval, site permission, measured baseline, or data entitlement is claimed.

For review / concept proposal / offline reproducible package

PROVISIONAL / concept boundary; not an official redline; pending official data

Spatial index / Three Areas + Two Wings + three nodes

PROVISIONAL / concept boundary; not an official redline; pending official data

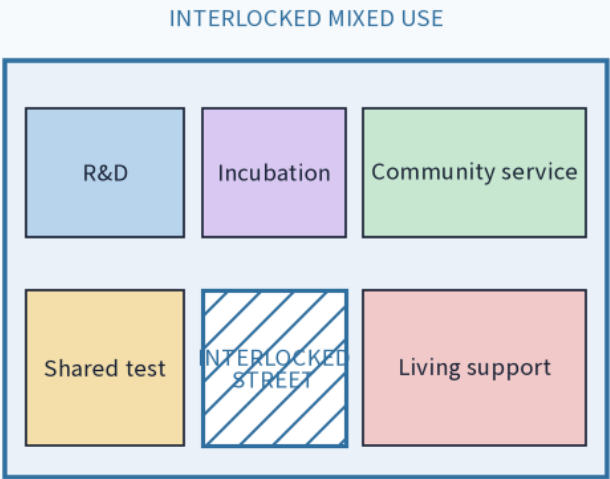

Key areas / three distinct node plans and sections

Key areas | three distinct node plans / sections

Each node uses a distinct plan/section prototype; all three remain concept proposals.

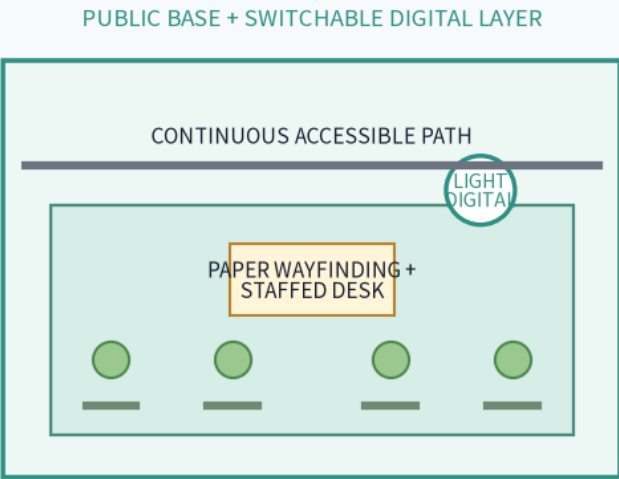

PROVISIONAL concept boundary • not an official redline • recalculate after official data

N1 Cellular Block

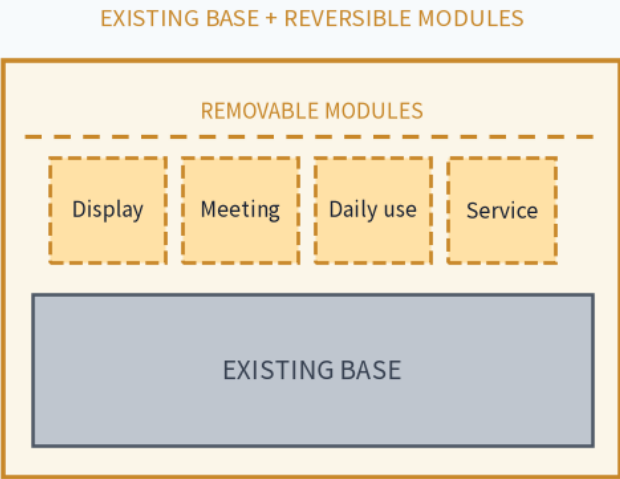

Zhongzhiyuan AI Autonomous
Innovation Acceleration Area •
Zhongguancun Technology Service Wing

N2 Smart-Pattern Terrace

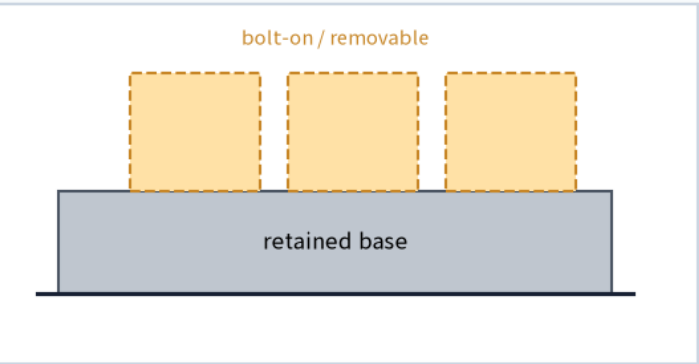

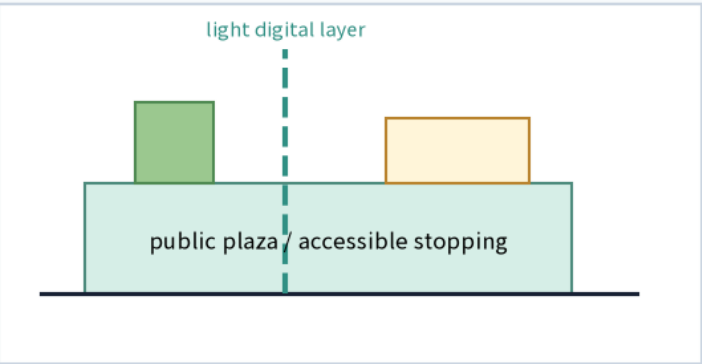

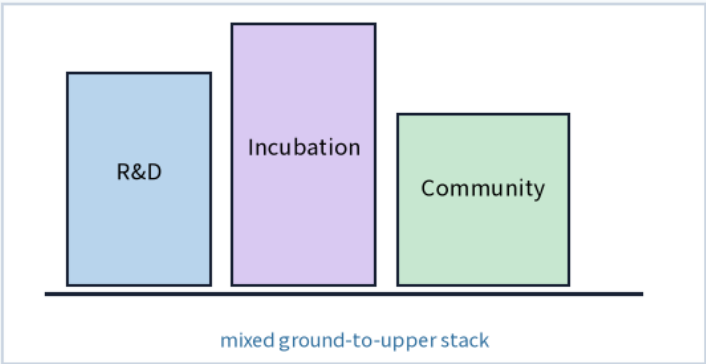

AI Origin Community •
Xiaoyuehe Scenario Empowerment Wing

N3 Growing Court

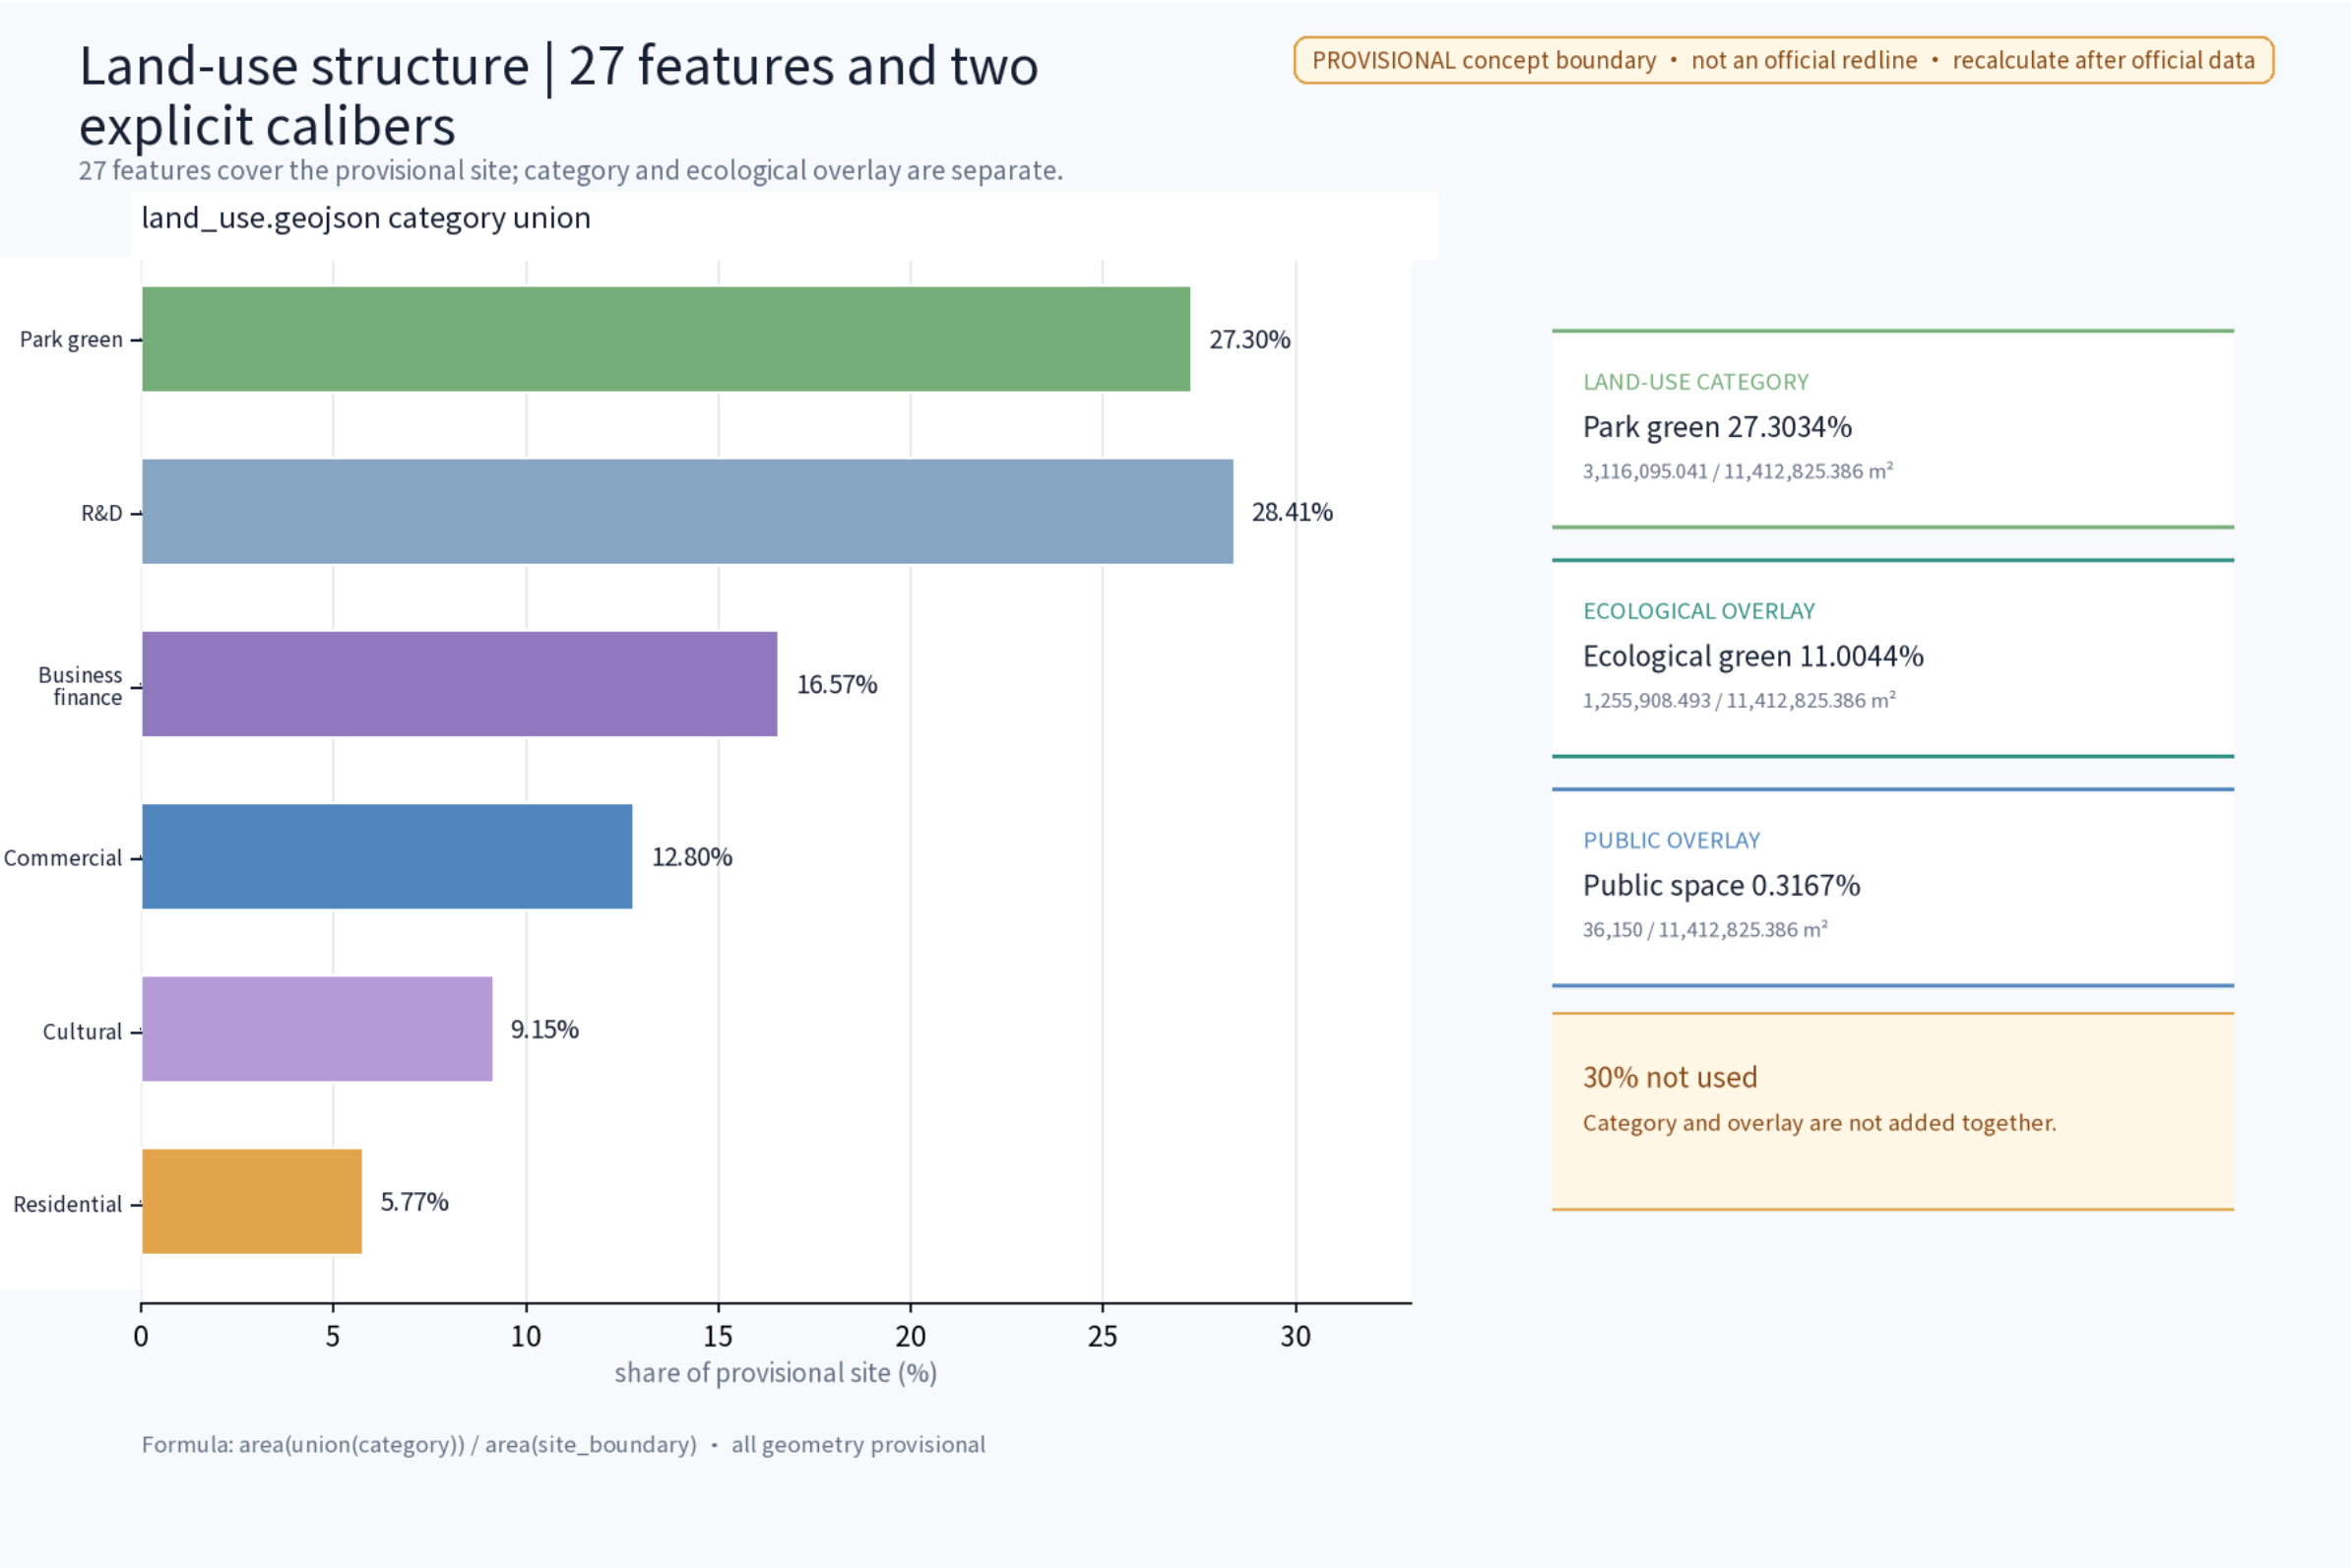

Dazhongsi AI Industry Cluster •
Two-Wing Interface

N1-N3 • concept plans/sections • provisional

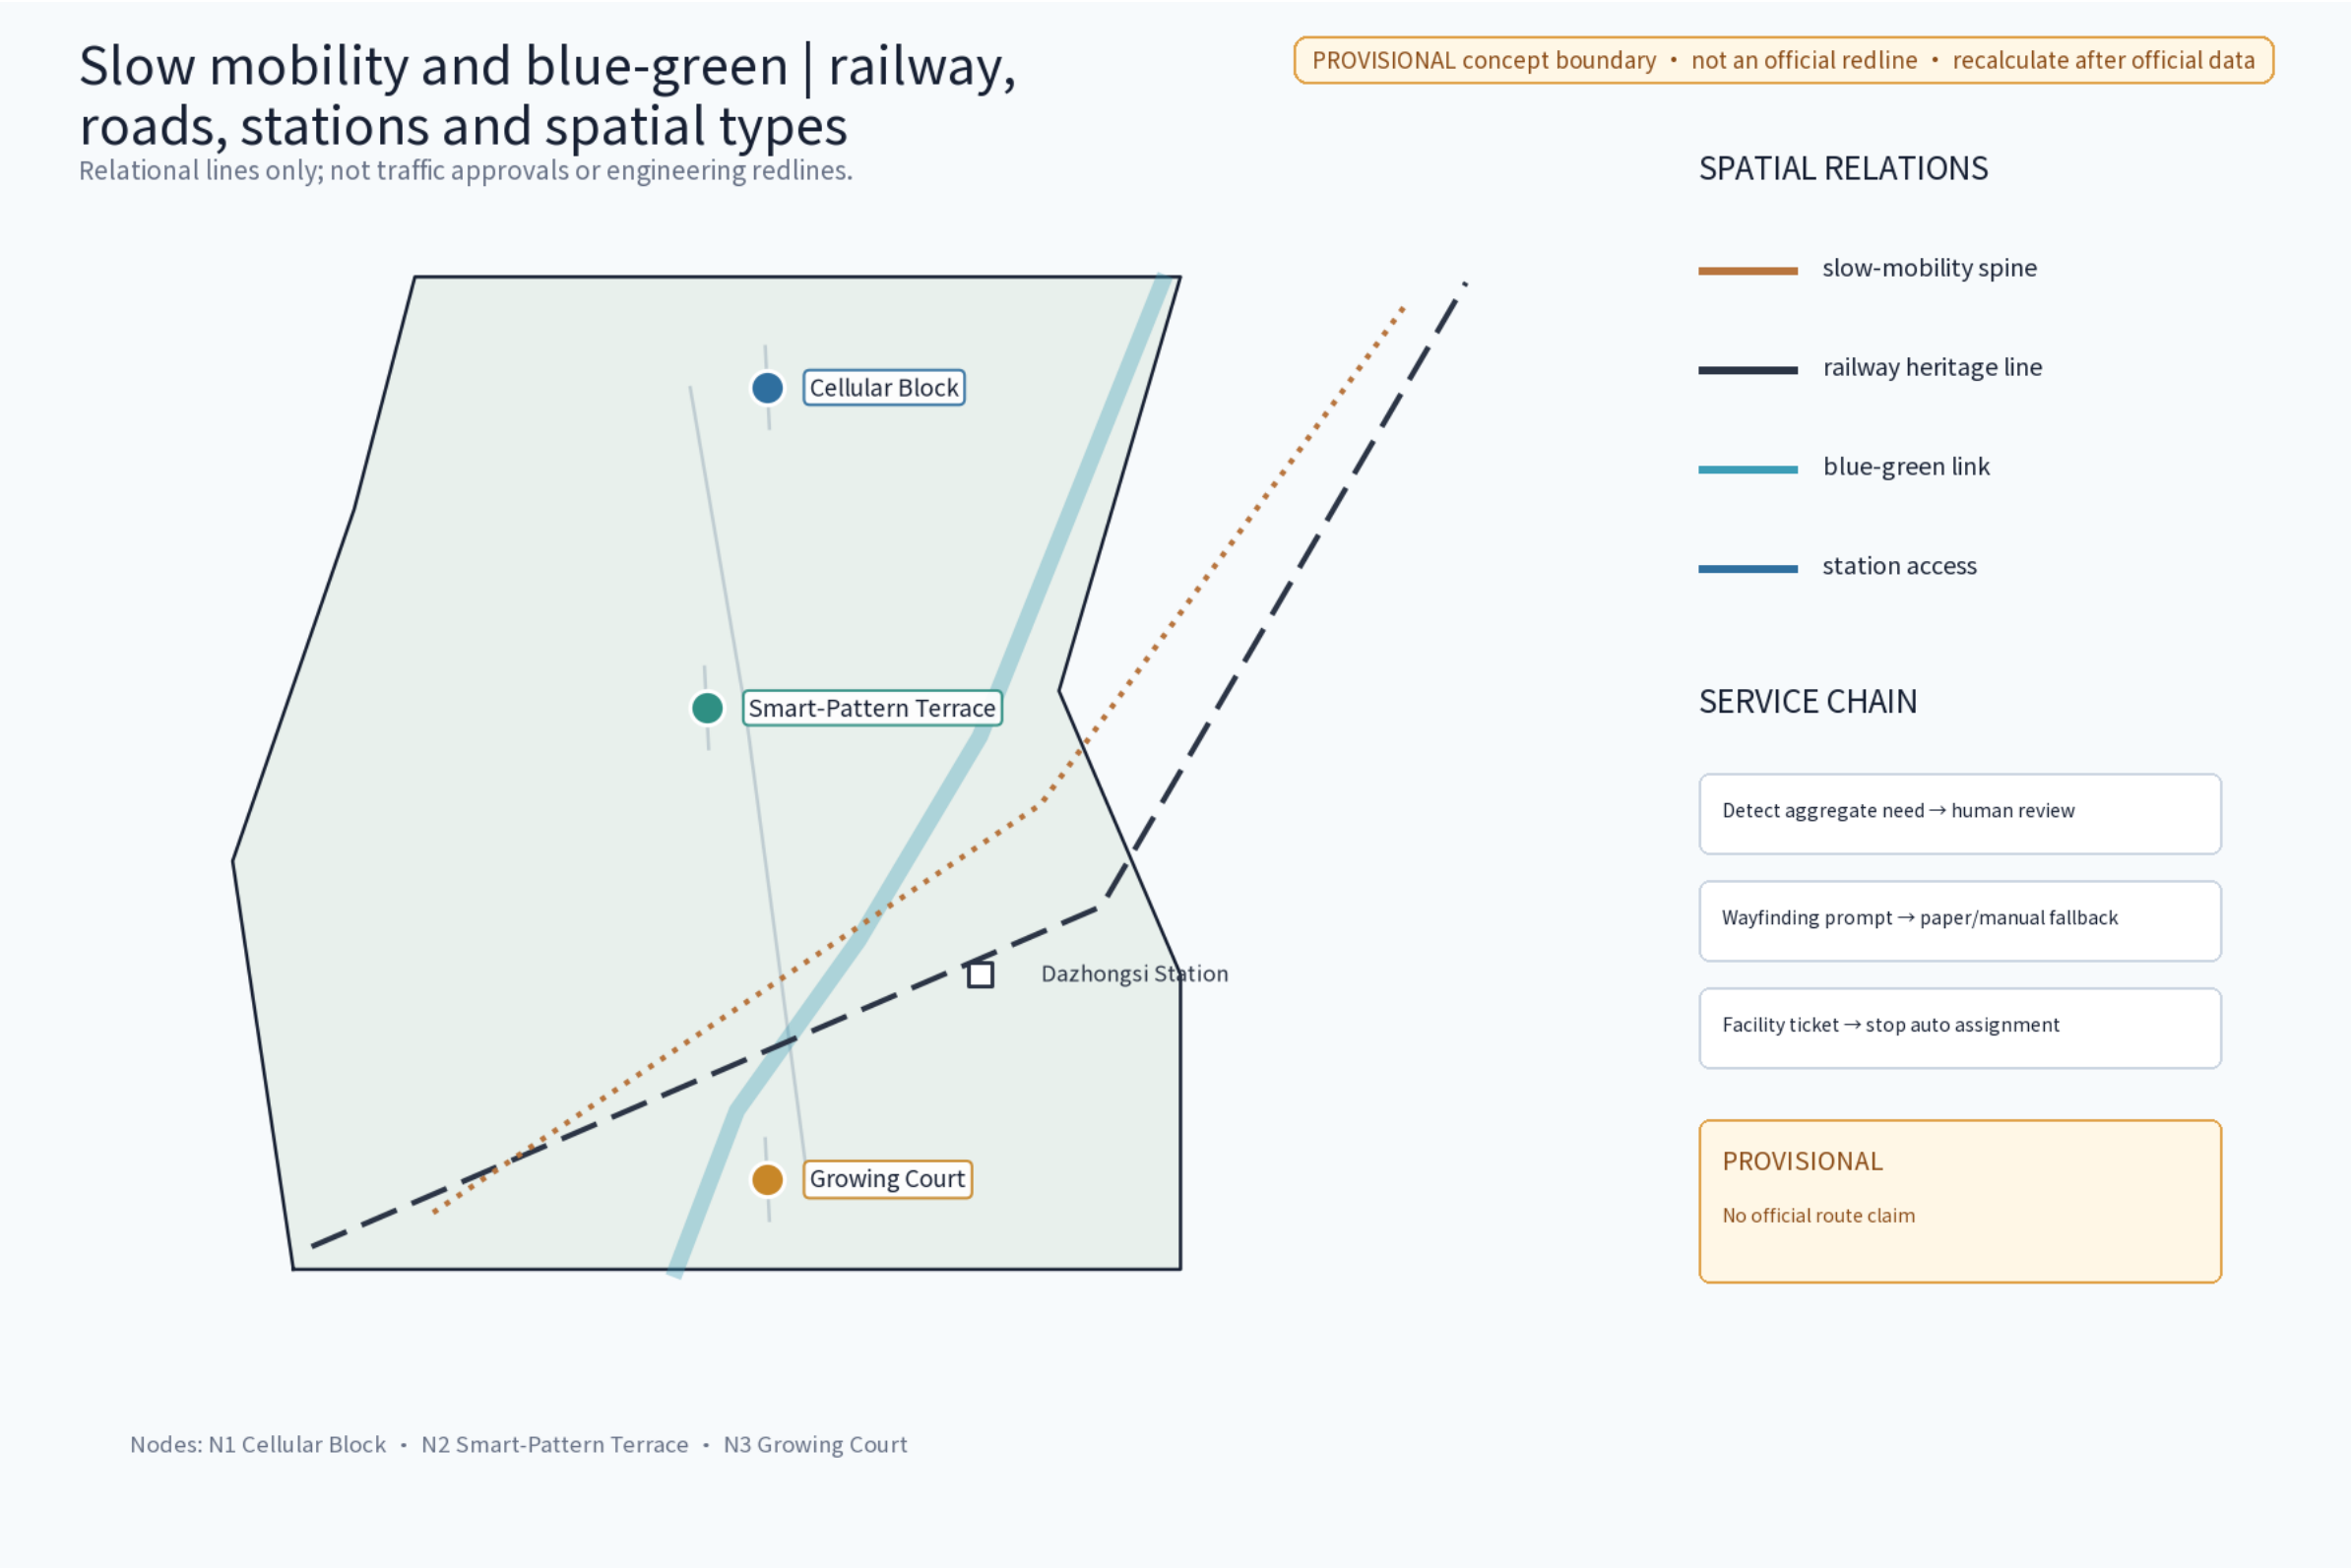

PROVISIONAL / concept boundary; not an official redline; pending official data

Land-use structure / 27 features and two explicit calibers

PROVISIONAL / concept boundary; not an official redline; pending official data

Mobility and blue-green / railway, roads, stations and spatial types

PROVISIONAL / concept boundary; not an official redline; pending official data

Core metrics and evidence / 10 cards, 3 protocols + 18 links
